

Napa Nectar Plus™

NEW Product Advancement!

Napa Nectar™ Plus with “fenbendazole” is a cost effective method of delivering medication to your animals for the treatment of pinworms.

- Nothing to mix, save time and money.
- Convenient size, 8 oz (226 g)
- 150 ppm Fenbendazole
- Easy to use, simply place in the cage.
- Napa Nectar *Plus* is color tinted for easy identification.

- Readily accepted by the animal.
- Medications mix more thoroughly with liquids for consistent delivery to the animal.

Contact us regarding the delivery of other therapeutic and experimental compounds needs you may have.
